### Bus Parking Requirements

North Christian Church welcomes your visit to our building and grounds. In order to assure an enjoyable visit, we ask that your transportation provider abide by these parking regulations for large charter style buses;

-  Bus traffic prohibited due to underground structural constraints
-  Bus traffic allowed, directional arrows **MUST** be observed
-  Parking for large buses
-  No thru bus traffic in Bay 1, buses parking in Bay 1 must back up onto the entrance drive and follow the green line in order to exit, observing directional arrows
-  No large buses allowed, cars and small shuttle buses only

Bay 1: Two large buses can be parked to the west of Bay 1 as marked by the smaller blue rectangle in the diagram above and this area should be used first. If more than two large buses must be parked simultaneously, use Bay 1 for buses three and greater. Buses needing this bay for parking should come in the entrance driveway and turn left into Bay 1. Large buses cannot exit Bay 1 on the south due to interfering tree limbs. Buses parked in Bay 1 must back onto the entrance drive from which they entered and exit following the green line directly west of Bay 1, observing directional arrows.

Bays 2-4: Large buses may **NOT** enter these bays, only cars and small shuttle buses can use these bays because exit from these bays is impossible for large buses.
